

Body Knew

LU KALA

You come in; I stay cold
You want a hug
Don't make me hold ya
I'm a soldier, check this armor
Don't get closer (Ah)
New girl, you smell the same
Ain't nothing changed, don't say her name
I'm a killer, I'm a fighter
How'd you take me to?

A hundred I can't help myself
Fuck if you're with someone else
I'm not thinking for myself

I wish my body knew
Ah-I've been so over you
Aw-all of the work that we did
But now it's all gone to shit
I wish my Body knew
You're lovin' on someone new
I do, do, do

You dive in
I thought I was ice
But I am an ocean
It's not alright
What's this feeling
What's this hunger
Taking me over to

A hundred I can't help myself
Fuck if you're with someone else
I'm not thinking for myself

I wish my body knew
Ah-I've been so over you
Aw-all of the work that we did
But now it's all gone to shit
I wish my Body knew
You're lovin' on someone new
I do, do, do

I wish my body knew
Body Knew
Body Knew, yeah

Hundred, I can't help myself
You're with somebody else

I wish my body knew
Ah-I've been so over you
Aw-all of the work that we did
But now it's all gone to shit
I wish my Body knew
You're loving on someone new
I do, do, do, yeah

I wish my body knew
Body Knew
Body Knew

Oh-oh-oh
Oh-oh-oh
Oh-oh-oh
