

DCMO (Don't Count Me Out)

LU KALA

Heard you sayin I don't fit
Sitting over there like You're big time
Barking all my wrongs and shit
Like Oh Oh
She ain't going nowhere
You'll be hearing me through loud speakers
You'll be begging for a drop
You'll be vibing in the bleachers
And I'll be at the top
But right now, I'm Right here and

Your body language says it all
You don't even gotta speak (no)
Your body language says it all

Don't count me out
I know I'm big girl
And you are afraid to claim me
Don't count me out
Fuck your perfect world
Nah, I'll never be that picture baby
But I, lie when I say that I don't care what you think
Can't you see that I'm the best thing
Oh maybe not right now
Don't count me
Don't count me
Don't count me out

Oh Oh
Oh oh
Don't count me out
Oh oh oh
Don't count me
Oh oh
Don't count me
Don't count me

Heard you sayin that I'm gon fail
Talking bout me so I guess you got time
Ignoring all my fucking mail
Like Oh Oh, Well Right Now you're right here and

Your body language says it all
You don't even gotta speak (no)
