

Love Shit

LU KALA

Yeah

Don't smile too hard 'cause my teeth ain't perfect
My body don't impress you, so go 'head, curve it
Say anything you want 'bout me, I probably heard it
Thought I deserved it, nah, I don't deserve it
I told myself, I kept reminding
Said I was too busy, too busy lying
I laugh at sappy shit, but that's me hiding
Thought I wasn't worth loving

Ooh

I been so low for too long
Ooh, ooh
I believed y'all for too long
Now I think I'm ready

Now I think I'm ready for that love shit
All I ever used to do was jump ship
Now I know I'm with it, I'm a good fit
Before I loved myself, I couldn't love shit

I couldn't love shit
I couldn't love shit
Now I want that love shit, yeah
I want that love shit

Been in my head, inner voice so chatty
Comparing who I am, wanna be happy
And it feels like I've been living life through a screen
Feels like I'm giving up the devil in me

Ooh

I been so low for too long
Ooh, ooh
I believed y'all for too long
Now I think I'm ready

Now I think I'm ready for that love shit
All I ever used to do was jump ship (Jump ship)

Believed y'all for too long (Long)
The old me is gone
Been so low for so long
Don't wanna be alone

The old me's dead and gone

All I ever used to do was jump ship (All I ever did was)
