

# No Smoke

LU KALA

Tu pense que t'es prêt?  
Hahahahaha  
Tu n'as pas ca fumée

I can be messy, I'm out my mind right now  
I'm impatient, I won't let you slow me down (Hey!)  
I'm reckless, I'm ruthless, I don't take excuses  
Won't take excuses, nah  
Spending ya paycheck buying me flowers, I never keep 'em  
Deep in the DMs, I always look but I never read 'em (Jamais)  
Don't come for lessons, I won't be your teacher now  
I'm not checking for ya (Ya!)

You coming for me? Boy you better come correct  
Ooh, pull up on me, don't do something you'll regret

You don't want no smoke (smoke)  
You don't want no smoke, you don't want no smoke  
This is not a joke (This is not a joke, yeah)  
You don't want no smoke, you don't want no smoke  
Darling

Talking real nice, keep my name out of your mouth  
Keep it together, keep it to yourself  
Don't call out less you packing what I like  
Just what I like, just what I like

You coming for me? Boy you better come correct  
Ooh, pull up on me, don't do something you'll regret

You don't want no smoke (smoke)  
You don't want no smoke, you don't want no smoke  
This is not a joke (This is not a joke, yeah)  
You don't want no smoke, you don't want no smoke  
Darling

Be careful round me, you don't want no smoke  
I don't play no games I go for the throat  
Be careful round me, you don't no smoke  
(No smoke)

I need you to really get on the same page as me  
You want no smoke, baby  
Don't come to me unless you have something to offer  
Are you in or not

You don't want no smoke (smoke)  
You don't want no smoke, you don't want no smoke  
This is not a joke (This is not a joke, yeah)  
You don't want no smoke, you don't want no smoke  
Darling

Be careful round me, you don't want no smoke  
I don't play no games I go for the throat  
Be careful round me, you don't no smoke  
(Nah, bye!)
