

Tangled; Content

Luca Brasi

It's too hard, being anyone
So I drank myself to sleep
Take it all personally
It's all gone, so is everyone
Always take more than I can keep
And myself too seriously

I know what I'll remember best
Being tangled and content
In your long hair (and I really want to stay)
(And I really want to stay)
In your long hair (and I really want to stay)

It's not the length of the years
It's the length of the days
They stretch out forever (they stretch out forever)
I can't catch me a break (can't catch me a break)
You know when I stopped sleeping
You know I started freaking
'Cause my friend it's hard to take
Now is never a good time to start

I know what I'll remember best
Being tangled and content
In your long hair (and I really want to stay)
(And I really want to stay)
In your long hair (and I really want to stay)

I know what I'll remember best
Lying tangled, such a mess
In your long hair (and I really want to stay)
(And I really want to stay)
In your long hair (and I really want to stay)

Right now all I can offer
Is two legs that ain't yet broke
And a cheap laugh (and a cheap laugh)
I'm the cheapest joke (I'm the cheapest joke)
Right now you need sympathy
I need a place where I can breathe
Where the air smells sweet
Where the air smells sweet

I know what I'll remember best
Being tangled and content
In your long hair
In your long hair

Oh I know what I'll remember best
Being tangled and content
In your long hair (and I really want to stay)
(And I really want to stay)
In your long hair (and I really want to stay)

I know what I'll remember best
Lying tangled, such a mess
In your long hair

In your long hair
