

You Broke Me First

Luca Hänni

Maybe you don't like talking too much about yourself
But you shoulda told me that you were thinkin' 'bout someone else
You're drunk at a party or maybe it's just that your car broke down
Your phone's been off for a couple months so you're calling me now

I know you you're like this
When shit don't go your way
You needed me to fix it
And like me I did
But I ran out of every reason

Now suddenly you're asking for it back
Could you tell me where'd you get the nerve
Yeah, you could say you miss all that we had
But I don't really care how bad it hurts
When you broke me first
You broke me first

Took a while was in denial when I first heard
That you moved on quicker than I could've ever you know that hurt
Swear for a while I would stare at my phone just to see your name
But now that it's there I don't really know what to say

I know you you're like this
When shit don't go your way
You needed me to fix it
And like me I did
But I ran out of every reason

Now suddenly you're asking for it back
Could you tell me where'd you get the nerve
Yeah, you could say you miss all that we had
But I don't really care how bad it hurts
When you broke me first
You broke me first

What did you think would happen
What did you think would happen
I'll never let you have it
What did you think would happen

Now suddenly you're asking for it back
Could you tell me where'd you get the nerve
Yeah, you could say you miss all that we had
But I don't really care how bad it hurts
When you broke me first
You broke me first

(You broke me first)
(You broke me first)
