

Do It All Again

Lucas & Steve

Do it all again
Again, again

If I could wish it all away
If I could take back yesterday
Darling, I wouldn't change a thing
A single thing
Yeah, it gets me every time
We are dancing in my mind
Though it hurts I'll take the pain
I'll take the pain
And do it all again

Baby, don't cry
There's no need for sad eyes
Though that's been a while
I'll be fine
Our memories
I still keep 'em with me
Rock me to sleep
Let me dream

If I could wish it all away
If I could take back yesterday
Darling, I wouldn't change a thing
A single thing
Yeah, it gets me every time
We are dancing in my mind
Though it hurts I'll take the pain
I'll take the pain
And do it all again

Again, again
Ah
Again, again
I'd do it all again
Again, again
Ah
Again, again
I'd do it all again

Time to let go
How I wish it went so
But everything good's
Gotta end

Feel it my bones
Wanna go through my soul
And my heart is made of stone

If I could wish it all away
If I could take back yesterday
Darling, I wouldn't change a thing
A single thing
Yeah, it gets me every time
We are dancing in my mind
Though it hurts I'll take the pain

I'll take the pain
And do it all again

Again, again
Ah
Again, again
I'd do it all again
Again, again
Ah
Again, again
I'd do it all again

Again, again, again
Ah
Again, again
I'd do it all again
