

## Do It For You

Lucas & Steve

Every little thing I do  
I do it for you  
I do it for you-u  
You know that every little thing I do  
I do it for you  
I do it for  
Every little thing, thing

Every little thing I do  
I do it for you  
I do it for you-u  
You know that every little thing I do  
I do it for you  
I do it for  
Every little thing, thing  
(Can you believe? Gimme what you have)

Every little thing I do  
I do it for you  
I do it for you-u  
You know that every little thing I do  
I do it for you  
I do it for  
Every little thing, thing
