

# Paper Planes

Lucas & Steve

We're never looking back  
We are the runaways  
We fly, we fly free like a paper plane

I see them pointing their fingers  
But we're never gonna do as we're told  
We were painting by numbers  
Chasing rainbows like we're looking for gold

Through the oceans  
Through the desert  
Cross the mountains  
On a hundred fields of gold  
We were born to be legends  
But we chose to take the bigger road

We're never looking back  
We are the runaways  
We try, we try never to stay the same  
When skies are turning black  
We're dancing in the rain  
We fly, we fly free like a paper plane

We fly, we fly free like a paper plane  
We fly, we fly free like a paper plane

Dark clouds on the horizon  
But have faith inside the back of your mind, yeah  
We say goodbye to the ones we were  
Then we leave all of our troubles behind

Through the oceans  
Through the desert  
Cross the mountains  
On a hundred fields of gold  
We were born to be legends  
But we chose to take the bigger road

We're never looking back  
We are the runaways  
We try, we try never to stay the same  
When skies are turning black  
We're dancing in the rain  
We fly, we fly free like a paper plane

We are the runaways

We fly, we fly free like a paper plane  
We fly, we fly free like a paper plane  
We are the runaways  
We fly, we fly free like a paper plane
