

# Say Something

Lucas & Steve

I've been down every road every city seen every view  
Chasing the stars in the back of my cargos I had a few  
Cross every city you know, I would  
Why wouldn't I it's just so good  
Every road every river I travel leads back to you

Ooh, darlin' say something let me steal one kiss  
Ooh, darlin' sweet-loving when it feels like this  
Cross every city you know I would  
Why wouldn't I it's just so good  
Ooh, darlin' say something, ooh, darling

Ooh, darlin' say something  
Let me steal one kiss  
Ooh, darlin' sweet-loving  
When it feels like this  
Cross every city you know I would  
Why wouldn't I it's just so good  
Ooh, darlin' say something, ooh, darling  
Hey!

(Ooh, darlin' say something  
Ooh darling, I know I know)  
(Ooh, darlin' say something  
Ooh darling, I know I know)  
(Ooh, darlin' say something  
Ooh darling, I know I know)  
(Ooh, darlin' say something  
Ooh darling, I know I know)  
Ooh, darlin' say something  
Ooh darling

We keep on kissing like nobody is watching us in the crowd  
My youth is with you now I'm facing the truth which is said all down  
Cross every city you know, I would  
Why wouldn't I it's just so good  
Ever know love in the world but I'm finally here with you  
Ooh, darlin' say something  
Let me steal one kiss  
Ooh, darlin' sweet-loving  
When it feels like this  
Cross every city you know I would  
Why wouldn't I it's just so good  
Ooh, darlin' say something  
Ooh, darling

Hey!  
Ooh, darlin' say something  
Let me steal one kiss  
Ooh, darlin' sweet-loving  
When it feels like this  
Cross every city you know I would  
Why wouldn't I it's just so good  
Ooh, darlin' say something, ooh, darling  
Hey!  
(Ooh, darlin' say something  
Ooh darling, I know I know)

(Ooh, darlin' say something  
Ooh darling, I know I know)  
(Ooh, darlin' say something  
Ooh darling, I know I know)  
(Ooh, darlin' say something  
Ooh darling, I know I know)  
Ooh, darlin' say something  
Ooh darling
