When I'm Down

Lucas & Steve

Show me through your eyes
How you see this life
Make sure I believe
Cause right now I'm in deep

Coming up but I'm afraid
Follow as I fall
Hoping for the winds of change
Right before I lose it all

Be my way out
When I'm down
When I'm down
Be my way out
When I'm down
When I'm down
When I running in circles

Would you be my feet
Show me what I need
I'm longing for my home
To make it on my own

Coming up but I'm afraid
Follow as I fall
Hoping for the winds of change
Right before I lose it all

Be my way out
When I'm down
When I'm down
Be my way out
When I'm down
When I'm down
When I running in circles

Running in circles

When I running in circles
