

# ZENLESS

Lucas & Steve

Enemies closing in  
Time keeps running out  
I'm running on adrenaline  
But you can never break me down

(Zenless level accelerating)

Whole city on the brink  
Do you hear the roar?  
Time ticking on the clock  
Yeah you want more  
We're pushing back the apocalypse  
A wildfire when they send me in  
I'm unstoppable when I enter zen

I got lost in the hollows  
I'm steady aiming  
'Bout to break through  
In this flow state  
I can promise you  
I'm unbeatable  
(Warning: target detected)  
Couple seconds and I'm elevated  
Yeah, I'm locked in on my enemies  
Now my—  
(Zenless level accelerating)

Danger  
Hiding  
Chaos  
I'm fighting  
Don't go in the hollow  
You'll lose control

Enemies closing in  
Time keeps running out  
Don't go in the hollow  
You'll lose control
