

Throwback No. 2

Lucero

I'm not sure how you find me
I don't know why you stayed
Since the night I met you I've been
Fist-fighting with fate
You know you were an angel
God I was fool
Cursing at the heavens
While you hung the moon

Don't go now
Oh little darling won't you stick around
Little girl you know you set my soul on fire
Every time you walk away

You listened to me say some things
You didn't want to hear
You let me make my own mistakes
And still you held me dear
Now I see so clearly
What almost slipped by
Darling I'm all yours
Won't you be mine?

Don't go now
Oh little darling won't you stick around
Little girl you know you set my soul on fire
Every time you walk away

Oh darling marry me
Come on now marry me
Sincere as I can be
I'm down here on my knees
We'll make it right this time
We'll take it down the line
Oh darling marry me
Come on now marry me

I once was lost but now I'm found
A pack of wolves, oh we howled
I set 'em up, I knocked 'em down
I was a terror babe
But I don't want to live that way
And now I long for your embrace
Don't want to go another day
Without you next to me

Oh darling marry me
Come on now marry me
I'll give you everything
That you could ever need
Let's write it in the sky
We'll make my mother cry
Come on now marry me
Oh darling marry me
