

Took The Fall

Lucero

Well you show your smile
The best in a while
A smile so true
It hurt
And I took the fall
But I take it all back tonight
And I saw your smile
Over stepped by a mile
I'm a fool
It's plain to see
And I took the fall
But I'll take it all back tonight
Well I took the fall
Couldn't take it back at all
If I tried
