

New World In The Morning

Luciano

Everybody talks about a new world in the morning
A new world in the morning so they say
No I, myself don't talk about a new world in the morning
A new world in the morning, starts today

And I can feel a new tomorrow coming on
And I know why I have to sing this song
Now everybody talks about a new world in the morning
New world in the morning takes so long

Takes so long..
I met a man, who had a dream, he had since he was twenty
I met that man when he was eighty-one
He said too many folks just stand and wait til tomorrow
Don't they know tomorrow never comes

And he would feel a new tomorrow coming on
And when he'd smile his eyes would twinkle up in thought
Now everybody talks about a new world in the morning
New world in the morning takes so long
I can feel a new tomorrow coming on
And I know why I have to sing this song
Everybody talks about a new world in the morning

New world in the morning takes so long

New world.. oh yeah..

Everybody talks about a new world in the morning
A new world in the morning so they say
No I, myself don't talk about a new world in the morning
A new world in the morning, that's the day

And I feel a new tomorrow comin' on
And I know why I have to sing this song
Everybody talks a bout a new world in the morning
New world in the morning takes so long

New world in the morning starts today..
New world in the morning starts today..
New world in the morning starts today..
New world in the morning starts today..
New world in the morning starts today..
New world in the morning starts today..
New world in the morning starts today..
New world in the morning starts today..
