Coming Out Wrong

Lucie Silvas

Maybe you were right to let me pass your door
Maybe you were right
But I'm not sure, I'm not sure
What I felt was true but it was easier to lie
So I walked away from you
I don't know why

Don't change yourself for me

I know what I'm trying to say
But my words get lost on the way
And they're coming out wrong
And I don't know what's holding me back
When I see what we could've had
And I'm trying to tell you
But it's coming out wrong

You were holding out your hand
You were selling me a dream
But all that I could say
Is I'm not there
No I'm not there
Now the years have passed
And it's easier to see
There's been a change in me

I know what I'm trying to say
But my words get lost on the way
And it's coming out wrong
And I don't know what's holding me back
Cause I see what we could've had
And I'm trying to tell you
But it's coming out wrong

Inside my voice is screaming loud
But it's still not coming out
Why is it so hard for me?
No need for complicated lines
I've thought the words a thousand times
Maybe you're the one for me

I know what I'm trying to say
But my words get lost on the way
And they're coming out wrong
And I don't know what's holding me back
Cause I see what we could've had
And I'm trying to tell you
But it's coming out wrong

I know what I'm trying to say
But my words get lost on the way
And they're coming out wrong
Yeah yeah yeah yeah
Yeah yeah yeah
Coming out wrong
Coming out wrong (it's coming out wrong)
Coming out wrong (it's coming out wrong)

Coming out wrong (it's coming out wrong)
Coming out wrong
