

# Pray the Devil Back to Hell

Lucinda Williams

You know, inside the dark, behind these walls  
Yeah, inside the dark, behind these walls  
There used to be a spark, but now the Devil calls  
And so I run somewhere I can hide my shame  
Oh, I run somewhere I can hide my shame  
But I swear I hear him calling my name

He says, "Come to me, let's play some more"  
He says, "Come to me, let's play some more"  
Wait 'til you see what I've got in store

Now all my fears have finally begun  
Now all my fears have finally begun  
Through all my tears, I come undone  
And at the end of the day, there's nobody else  
At the end of the day, there's nobody else  
Nobody can save you from yourself

And can't you hear him calling, calling your name?  
Yeah, can't you hear him calling, calling your name?  
He ain't gonna spare you, he will only shame  
Yeah

I'm gonna have to pray the Devil back to Hell  
I'm gonna have to pray the Devil back to Hell  
I'm gonna pray the Devil back to Hell  
I'm gonna have to pray the Devil back to Hell  
I'm gonna have to pray the Devil back to Hell  
I'm gonna pray the Devil back to Hell  
Yeah, I'm gonna pray the Devil back to Hell  
Yeah, I'm gonna pray the Devil back to Hell  
Yeah, I'm gonna pray the Devil back to Hell
