

# Dance Around It

Lucius

Waiting for the right time  
Will it ever be the right time?  
Is it ever gonna feel right  
To say it anyway?

All the little white lies  
Just keeping up the good times  
It's weighing down on my mind  
Every single day

Sweep that under the rug  
Got a whole lotta space  
But with nowhere to run  
I just touch myself  
'Cause I don't wanna f...

Eyes wide shut  
And we'll keep dancing  
Above, underground  
We'll keep dancing around it

Dancing  
Our love's burning out  
We'll keep dancing around it

Underneath the pink sky  
Could be another lonely night  
Just follow the escape sign  
Till it takes me away

Sweep that under the rug  
Got a whole lotta space  
But with nowhere to run  
I just touch myself  
'Cause I don't wanna f...

Eyes wide shut  
And we'll keep dancing  
Above, underground  
We'll keep dancing around it

Dancing  
Our love's burning out  
We'll keep dancing around it

Dancing  
(Dance, dance, dance, we dance, dance, dance  
We'll just dance, dance, dance, we dance)  
Our love's burning out  
We'll keep dancing around it

Dancing  
(Dance, dance, dance, we dance, dance, dance  
We'll just dance, dance, dance, we dance)  
Our love's burning out  
We'll keep dancing around it

We'll keep dancing around it  
(We'll keep dancing)  
We'll keep dancing around it  
(We'll keep dancing)

We'll keep dancing  
Above, underground  
We'll keep dancing around it

Dancing  
Our love's burning out  
We'll keep dancing around it

We'll keep dancing  
Above, underground  
We'll keep dancing around it

Dancing  
(Dance, dance, dance, we dance, dance, dance  
We'll just dance, dance, dance, we dance)  
Our love's burning out  
We'll keep dancing around it

Dancing  
(Dance, dance, dance, we dance, dance, dance  
We'll just dance, dance, dance, we dance)  
Our love's burning out  
We'll keep dancing around it

Dancing  
(Dance, dance, dance, we dance, dance, dance  
We'll just dance, dance, dance, we dance)  
Our love's burning out  
We'll keep dancing around it
