

Don't Just Sit There

Lucius

Don't just sit there
Tell me what I wanna know
What I wanna know, oh, oh, oh
Don't just sit there,
Tell me what I wanna know
What I wanna know, oh, oh, oh

Did you find love, have you found love?
Did you find love again?
Did you find love, have you found love?
Did you find love again?

Don't just sit there
Tell me what I wanna know
What I wanna know, oh, oh, oh
Don't just sit there,
Tell me what I wanna know
What I wanna know, oh, oh, oh

Did you find love, have you found love?
Did you find love again?
Did you find love, have you found love?
Did you find love again?

And now you heart ain't moving
And now you heart ain't moving
It's true, it's true, it's true, it's true

Did you find love, have you found love?
Did you find love again?
Did you find love, have you found love?
Did you find love again?

Tell me what I wanna know
What I wanna know, oh, oh, oh.
