

## Final Days

Lucius

I hope I didn't let you down  
'Cause it's too late to make a change  
You've lived a hundred lives before me  
So self-involved to think that I could hold that weight  
Like a mother to them all  
With your arms stretched open wide  
I hope you hear that heaven's call  
I hope they're letting you inside

You look good, like I remember  
With all that sunshine on your face  
I let you sit there without talking  
You let me sit there in your shade  
You let me dream about the future  
And all the plans we had to make  
I hope I'm wrong about the after  
And these are not your final days

Could've said I'm frightened, but I couldn't  
I didn't have the heart  
Are you scared of dying? I couldn't  
I didn't have the heart

So I said it's waiting, your own true paradise  
Didn't have the heart, so I lied just to not see you cry  
Yeah, I didn't, I didn't have the heart

The world will go on spinning  
Another day, another scene  
And I'll be left with just a memory  
And yesterday will be a dream

I'll be looking out there for you  
Where all they see is empty sky  
The space you left reminds me  
That we don't have to say goodbye

Could've said I'm frightened, but I couldn't  
I didn't have the heart  
Are you scared of dying? I couldn't  
I didn't have the heart

So I said it's waiting, your own true paradise  
I didn't have the heart  
I didn't have the heart  
So I said it's waiting, your own true paradise  
Didn't have the heart, so I lied just to not see you cry  
Yeah, I didn't, I didn't have the heart
