

3d Outro

LUCKI

I met way too many fans in a day
Ayy, ayy, ayy

I met way too many fans in a day, ayy
Snuck too many Xans on the way, ayy
Still be off the shits but I make twenty-
something bands before we came, ayy
Still look at your mans like a stain, in 3D, it's really you, a
yy
I was so surprised that you came, ayy
Copped me so many demons on the way, I'm off a 60 in a coupe
Can't look me in my eyes, it's too late, ayy
I spent every penny in a day, like Houdini, what I do
Heard too many lies to my face, ayy
This ho on my line buildin' cases, I got no reason to prove
Heard too many lies in a day, ayy
Still be off my ass in LA, I got no reason to lose
Yo, yo, ain't no more options to do
Yo, I snuck codeine with me too, ayy
I had kicked the cup, but that's a phase, ayy
I know where my heart at anyway, yo, uh, ayy
Heard too many lies in a day, ayy
I snuck half a 30 on a stage, vroom, demon in a desert, ayy
I was high for miles, now I ain't
Guess it's for the better when you came, ayy, woah, woah
Ayy, ayy, heard too many lies in a day, ayy
Met too many fans in a day, whoa, uh
I made twenty-something bands before we came
Still look at your mans like a stain, whoa, ayy
Heard too many lies in a day
Ayy, ayy, ayy
I met way too many fans in a day
