LUCKI

This is a high quality film, right?

I like you, I like you, I'm for all of y'all  
Off that juice, what is new, I need water, dawg  
I like coupes, yeah, that's new, I'm like all the stars  
Back to roots, what I knew, what you calling for  
Stick my boots in that loot, I like dollars, dawg  
Spell my name in your soup, what you callin' for  
I like you, I'm for you, I like all of y'all

I just, uh, I need friends, I need, uh, uh  
I need, uh, ay, ooh, yeah

I just spend, I need friends, I need feelings too  
Quit them xans, now them tens just be hailing you  
They be better, you're just high, I know everything  
I play dumb, I'm in love, tell me anything  
I need you, gave my plug a new wedding ring  
Too much mist, in the sun, I just let it rain  
Too much feelings in my phone, I just let it ring  
You know me, I'm for you, tell me anything  
You know me, revenue, I need everything  
She take pinks, I take blues, this our wedding thing  
Niggas fu, that's not new, tell me anything  
Let me know, I'm for you, tell me anything

I like you, I like you, I'm for all of y'all  
Oh, ay, ay, ay  
I need juice, yeah, that's new, huh, huh  
I need juice, n-n-new, huh, huh  
I like you, I like you, I'm for, huh, huh  
Ooh, huh, ay, ooh, ooh, ay
