

Alicia Keys

LUCKI

Okay, she gon' do that shit for free, for me
Ay, ay, ay, ay, ay, ay
She gon' do that shit for free
Ay, Hoe won't miss tha beat
Look, ay
She gon' do that shit for free, for me
Hoe won't miss a beat

She gon' do that shit for free, for me
Hoe won't miss the beat
I just turn't a city girl into Alicia Keys
I make a saditty hoe act like she from the streets
I forgot in the fitting room I left a cup of lean
Shit ain't cheap, but sheesh
I won't get no sleep
Wonder if you think about me when you in my dreams
The Challenger a challenge, I keep burnin' up the streets
My heart really damaged, my new hoe in for a treat
It's just me, capeesh
Tell me what it mean
Nigga movin' funny we gon' Basquiat his tee
Pops ain't raise a dummy but for sure he raised a fiend
I just turned a peach soda blacker than my jeans
Not a creep, but sheesh
I can't let you be
What happened to everybody canceled over me
Withdrawal and I miss my bitch and I can't find no lean
My shorty had a script he just came back with some green
It's just me, but sheesh
I just miss my thing
I just miss authority, I'm sick of living free
Her heart she just pourin' and I still ask what she mean
Tell me when it's over I just need to fuckin' breathe
Is it me

Ay, I can't find no-
