

Aye woah, aye  
Aye woah, aye  
Aye aye  
Aye woah, aye  
Aye, aye, aye, aye

I don't politic with children  
I chewed a million milligrams  
Why he popped the seal then  
Can't buy it, it might not be him  
Who gon' get my deal then  
Since they all scared of drugs and kids  
Nigga where's the fun in this, I don't got no life to risk  
Dead boy status I'm just here so they can tape this shit  
Tape her if you dog her these hoes lying 'bout some sacred shit  
Mother and her daughter and my sister for a basic bitch  
Gave a hoe my all and still complainin' 'bout some basic shit  
Face this shit, I can't, kick a habit, I won't  
It's bad for me, I do  
Purple cough prevent fluid  
Outta time and I knew it  
Froze before I got to it  
Action timeless get to it  
I'm from the dash but you knew it  
I'm the wrong nigga to bring home  
Ima fall asleep at the dinner table  
I'm the wrong nigga to lean on  
I know it look as such but I'm not stable

I can't politic with children  
I chewed a million milligrams  
Aye, aye, aye, woah
