

COINCIDENCE

LUCKI

(GOONTEX) Ayy, okay
Okay, ayy

I'm in the hood, what's good?
I miss you, what's up? I'm happy you follow me
I mix the love with drugs, I can't get enough, codeine in the artery
Long as you mean it, we good, she came to my hood, and now she apart
of me
Ayy, okay, okay, ayy, uh
I'm in the hood, what's good?
I miss you, what's up? I'm happy you follow me
I mix the love with drugs, I can't get enough, codeine in the artery
Long as you mean it, we good, she came to my hood, and now she apart
of me
Give you my trust, it's the lottery
I sip a dub 'cause you doubted me

Shake it off, can't get it out of me
Celebrate wins when you pop with me
I'm in the hood, what's good?
I miss you, what's up? I'm happy you follow me
Here for the good, it's good
I miss you, it's stuck, but can't get shit out of me
I'm in the Bentley, she mad at me
Fraudulent niggas can't ride with me
Flying from Jeffery to Madison
Feel like I'm fighting in the Taliban
She want my heart, you can have it then
Neptune hate when you switch gears
And I made a hunnid up this year
February come out, I'ma get mill'
Chantel said I got secrets
Mash on the breaks, I mean it, uh
Want it from the heart, can't remix
Quarterback but I'm on defense
Fly from the 'Raq but I'm deep in, ayy, ayy

I'm in the hood, what's good?
I miss you, what's up? I'm happy you follow me
I'm in the hood, what's good?
