

Ayy, ayy

Shit ain't 'bout nothing, I can't count up if I'm runnin' different level

You can't play it how I play it

She got that from-, she got that from Topski, by the way

Fucked a birdie in the Hawk, that was just the other day

Wide body, by the way, so of course we both lanes

I be slurring when I talk, but it's gon' matter what I say

Hoe, don't care about a thot, care 'bout what you wanna pay

I'm embarrassed of the lean, different PT by the day

Twin, I miss you, by the way, you could be here by today

If you see me take a picture, in a Trackie or Bentayga

Niggas first round bust down, ain't even wanna play

I got money in a vault, I got money just to play

We'll play you like you soft if you ain't slimier than me

It's this thing of ours what the mafia'll say

I can take you to the boss, but they gon' tell you follow me

I'm Topski slatt, no make-believe rap

I'm buyin' hoes bags and my sodas bleedin' racks

I can't come down for a fuckin' reject

I'm too damn high, and they givin' feedback

She'll still be ours, but I'm the one who need that

I'm Topski slatt

And I got me another sack, man, you dig what I'm sayin'?

On top the building

Ayy, ayy

Shit ain't 'bout nothing, I can't count up if I'm runnin' different level

You can't play it how I play it

She got that from-, she got that from Topski, by the way

Fucked a birdie in the Hawk, that was just the other day

Ayy, ayy, all me, by the way

She got that from Topski, by the way

Shit ain't 'bout nothing, I can't count up if I'm runnin' different level

You can't-

Shit ain't 'bout nothing, I can't count up if I'm runnin' different level

You ain't play it how I play it

She got that from-, she got that from Topski, by the way

She got that from Top-, by the way
