

Frze Up

LUCKI

Son of Sam I am
Freeze up, aye
I won't freeze up, I won't freeze up
I won't freeze up, I won't freeze up
Man I know she need somethin'
Know she need somethin'

I'm already down
I want another Perc
He know I'm too high
That's why he scared to serve me
Mami, I'm Sid Vicious
That mean you gotta serve me
Little bitch I'm Sid Vicious
I got my mood, weed illegal
Ain't that bitch right up and the piece full
She sneakin' pics think I won't see you
Ball in the air still deceitful
You know I did it for my ego
Baby together we too lethal
You know Danny Glover my people
Baby together we too lethal
All summer I just wanted two bricks
I just put Shaq up at the free throw
I do this shit right for my ego
When I touchdown bow down like Tebow
I might not be dangerous as you
But together baby we lethal
You know I do this for my ego
I freezed up on my ego
