Off back right now she never doubted by this nigga like  
I was off the shits when I turned 16  
Back then molly thought she had the best about a nigga like  
She did but lil xanny got me way way better  
Got me way way cleaner in this Bathing Ape sweater  
Got me feelin' George Foreman cook connect, boy tell em  
I was smooth back then four-five on da waist  
That Jordan '95 get retired in a day  
Ain't even flex em boy, man I'm tired anyway  
Put the pedal to the metal get to flyin into space  
Man I don't even flex no more man I'm tired anyway  
I'm a pill popping devil got em sick and tired  
I was wettin niggas blocks they was sittin' dry  
I was moving with the knots I don't sit n tie  
Right hand on the bible it ain't shit to lie

So, you know I don't waste time, money I'll alarm you with what I got  
And then I'm like, you know you can't take mine  
Need the whole army if you want what I got  
I got it all in my hands, world timeless  
I got it all in my hands, world timeless
