

His Only....

LUCKI

Baby I'm the hot one
Maybe you should search or google and reconsider
Oh that sucks he's a lame but I'm not one
Pick your trash up it's not lady like to litter
It's too sunny I'm just driving to my new barn
If I crash it's Sam's fault
If I talkin' it's Sam's thoughts
I look bummy go and
Look what size my shoes are

I'm too iffy with this bitch I need some gratitutde
Talk to me like you owe me
Why all these questions you know me
She make me feel like it' a movie
And she Spanish too
I need more than affection
Bitch come and steal from me somethin'
I need Xanax by the thousand
I need drama in my air
If it's quiet must be dyin'
Need more drama in my air
I was purple, I was purple, feel like I just skipped a year
They ain't worth me fuck respect
Baby I don't have a pair
Maybe I'm the hot one
Malfunctions stop button it's gon be a hot summer
Maybe I'm the hot one (x4)
