Focus just me and you
Why would I leave with you
Focus just me and you
I feel them getting close
Baby feel free to shoot
Take that charge for me
I'll be the plug for you
I know 'bout my past
Focus on the future
Baby I'm on them xans
Call me baby future
Why would I leave with you

Shorty you know my plan
Don't include leaving you
Take your mans advice
You gon' need it dude

Don't know why you scared of reaper
Baby the reaper cool

Baby I need a boot
Lookin around, fuck this town
Niggas beneath you
I'm from chicago, don't have a problem
Niggas what's fearin' you
I need to leave the room
I needa breath for you
Risk it all for me
You know I love it too
