

## Let's See

LUCKI

Ayy, yo, ayy, ow  
Let's see, vroom, vroom  
Ayy, let's, ayy, ayy, vroom, vroom  
Plug  
Ayy, let's see  
How fast can it go? Let's, ayy

How fast can it go? Let's see, ayy, ayy  
Whip that cash if you wanna impress me, ayy, whoa  
Zoomin' down so she know who that be, ayy, whoa  
How fast can it go? Let's see, ayy, ayy  
I'm they father, they like what is next, please, ayy, whoa  
Poppin' Perkies ever since you left me, ayy, ayy  
In Miami, we like Nick on jet skis, ayy, woah  
Money fucked my head up without me, ayy, ayy  
Play for keeps, out of reach  
I'm out of love, unless it's free  
Never out of syrup, that's what I need  
Turn nothing into something, that's like a dream  
You ever thought you'd be in love with a fiend?  
My dirty ho, I like to treat her like a queen  
We in public, she addicted to the scene  
How long will it last? Let's see  
Vroom, vroom, vroom, vroom  
How fast can it go? Let's see  
Still got dirty money, spend it with the clean  
Girl, why you trippin'? That addiction in my genes  
Ever thought you'd be in love with a fiend?  
Vroom, vroom, let's see  
Switchin' lanes, I'm in traffic, catch me  
Steady high, let a nigga test me  
I'm in traffic, me and X, let's see  
Let's see  
Vroom, vroom, let's see
