Stick to myself, I'm the one who got me  
Can't have fun unless the gun in the party  
Love my city, but these niggas be wildin'

Dior boys, been fly Bali  
Cross niggas out, keep track, that's tally  
SuWoo sip, drinkin' blood in Cali  
I'm in the hills, confused by the navi'  
She want me, want me for her  
Drive me around for my lean for what?  
Drove my brothers OT for bucks  
I want her, not me, for us  
Drank man know I'm a fiend, so rush  
Sipped all the Wok, now the green for us  
My big brother only scared of bus  
Wanna cry on the Uber, not a nasty bus  
I be in the bank like it's a hobby  
Instagram bitch, no, you nobody  
Watch my pace, these niggas just copy  
Guess those rappers don't scare nobody  
I was 15, real slimy nigga  
I was up north, takin' weed from hipsters  
Came back, started takin' weed from niggas  
Came back, what's in my green, it's simple  
Sippin' so hot, I'ma leave the rental  
Barbie doll bitch, we was pleased with dimples  
Me and my dogs, that's breed, the kennel  
Missed them days, it was easy, simple

Stick to myself, I'm the one who got me  
Can't have fun unless the gun in the party  
Love my city, but these niggas be wildin'
