

Mia Wallace

LUCKI

I need my Mia Wallace (Aye)
I'll stab your heart up when you need it girl (only you, only you, aye)
I want my Mia Wallace
Tony Rock call, you worth the risk
I live in Mia World (Aye Aye)

I want you be just like the movie one
Act it out for Bossy
Know that Vince was scared but don't care bout no bar scene
Plotting on them anyways and then that's how I saw you
Lost track of his soul I say fuck that, my eyes on all you
Don't know what you got me on, but you got me fucked up
Trying to stay awake, know you look dangerous
And you got me fucked up
I'm off my ass, throw me a bunch of words I never heard
Rosseta Stone, laced in these drugs, understood every word

I need my Mia Wallace (Aye)
I'll stab your heart up when you need it girl (only you, only you, aye)
I want my Mia Wallace
Tony Rock call, you worth the risk
I live in Mia World (Aye Aye)

I want my Mia Wallace
I don't care about no fucking risk
Let me off the fourth floor nigga (aye)
Mia, Mia, my bitch (my bitch, aye)

She don't like xan and lean
Said that be pressed to hit
I say its no pure drugs in Chicago
She said let's leave here then
Can't tell a soul like this a presidential secret kid
Do one more show then we gonn' run away like that weekend

I need my Mia Wallace (Aye)
I'll stab your heart up when you need it girl (only you, only you, aye)
I want my Mia Wallace
Tony Rock call, you worth the risk
I live in Mia World (Aye Aye)
