

Vroom, aye, vroom
I got hoes that loving my way
Vroom, I got hoes that- vroom
Aye

I got hoes that loving my way
She left me to be stuck in my ways
Blue thirty I'm stuck in my place, vroom
I got hoes that loving my way
Thirty thousand I made it just to spend it
She knew me it ain't tinted I ain't in it
Never let no dirty hoes in our business
Wock flooding the streets Hi-Tech I miss you
Blogs looking for beefs they said I dissed you, who
Vroom SRT this not no dart
She left me to be stuck up with my heart
From the west but the low end stuck in my heart
I'm a dash boy I was with 'em board to depart
She left me cause they too close to my heart
Never saw one dollar I couldn't spend
It's just me with' my problems let me in
I got hoes that loving my way
She left me I'm hurt but I don't blame her
Off Percocet cause I'm scared of getting famous
I'm back in that action instead of changin'

I got hoes that loving my way
I got hoes that loving my way
She left me to be stuck in my- uh whoa
I got hoes that loving my way whoa
Whoa, whoa, whoa
Left me to be stuck in my way
I got hoes that loving my way
Vroom, vroom, vroom, vroom
