

NEEDED

LUCKI

(Wake up Filthy)

It's not good I need it but I said it cause it's, aye aye
It's not good I need it but I said it cause it's true, aye, aye
, aye

It's not good I need it but I said it cause it's true
Ain't even want the credit, I just did it cause of you
Rip it up or read it, you gon' hate it cause it's true
Disrespect the beamers, blue Mercedes dirty too
Mad I still don't even know how to play it cause of you
It's not good, I need it but I said it cause it's true

Callin' me back, be home in a week
How I just put the devil in Prada?
How I just cut a hoe off in my sleep?
Move to LA, she think she a model
Really so pretty, I wouldn't believe
She start to hate on whoever I follow
She don't like 30s like she from the D
Drink up the shit, boy don't save for tomorrow
On the strength of the lord, just turned her to me

It's not good I need it but I said it cause it's true
Ain't even want the credit, I just did it cause of you
Rip it up or read it, you gon' hate it cause it's true
Disrespect the beamers, blue Mercedes dirty too
Mad I still don't even know how to play it cause of you
It's not good, I need it but I said it cause it's true

Aye, aye, aye
Follow me back, come see me, I'm tourin'
She just gon' see me whenever I'm high
I'm in the city, out here it be borin'
20s and 50s be gone in a week
Doing 120 like me in a Jeep
I'm like a ghost, can't tell when I'm home
You don't score lean, that's how I see

It's not good I need it but I said it cause it's true
Ain't even want the credit, I just did it cause of you
Rip it up or read it, you gon' hate it cause it's true
Disrespect the beamers, blue Mercedes dirty too
Mad I still don't even know how to play it cause of you
It's not good, I need it but I said it cause it's true
