(I'm not no lame though, shoutout to Samsson)

Why you can't leave me alone? There's niggas that's richer than

You just wan' be in the song, heart on my sleeve, bitch, you readin'

(Ayy, ayy, uh)

I'ma come see you when I got time, even though I got nothing to
do

Trust that ho and I lost my mind, so I'ma leave it with dude

I'm on three drugs at one time, but I'm still readin' the room

I'm on three drugs at one time, but I'm still readin' the room

Air Max cross my mind, remember the fit in the room

Why you want problems with me? I don't wan' give you my heart with
the key

Bottega apologies, ended it here, you got piles of E

Don't tell me you proud of me, even when you getting tired of me

I fucked her at fashion week, pretty ho snuck

In the Bentley, got five of these

Crazy ass colours on the F&N

Wonder what bitch gon' ride for me, and hoop for the price, don't
love again

I'm really hopin' she lie to me, 'cause I know the price to buy
her friend

She say I'm leadin' her on, "You took me shoppin' and leave me
alone"

Wonder who read me wrong, wonder who really just good for the soul
