

One Minute

LUCKI

(Hey Tony)
Aye, aye, aye
Like, one minute I'm on love
One minute I'm on drugs
One moment I missed Hollywood just like I miss the hood
I need to be ducked off with a bitch that meet me good
Try so hard to be lowkey just to go misunderstood
One minute I'm Tune, but she stuck on LC
One minute I'm Tony, dirty in the AMG
I got all my vices on me, it ain't shit to tell me
And my baby girl all that to rebel me
I stood in the fire, how it feel with bare feet
Hide it from the kids, but they so smart, know how we live
They know how that pop will get as dirty as a leer
You
Why you in denial that we far from being peers
I want them to feel like they got acid in they tears

One minute I'm on love, one minute I'm on drugs
Aye, aye, aye, aye, it's one minute I'm on love, one minute I'm
on drugs
One moment I missed Hollywood just like I miss the hood
I need to be ducked off with a bitch that meet me good
Try so hard to be lowkey just to go misunderstood
One minute I'm Tune, but she stuck on LC
One minute I'm Tony, dirty in the AMG
