

Pick A Flaw

LUCKI

Ay, uh
I'm in a Jeep, but it's a track
Lookin' for lean, she call it crack
My baby lean, walk on my back
Find a way to leave me
By myself, pick a flaw
Ain't a phase, I'm a demon
By myself, leave it to God
Show me you love me, I can leave her tomorrow
She love my niggas, they be on God
Find a way to New York to, tell Shantell before she call
Find a way to make it my fault
My lil' brother throwin' 10s in the park
Three lil' pretty niggas still gon' spark
You heard everything like that shit loud
My bitch pour but still with the drink
This whole quarantine, ain't take a break
Open up Saks for a fifth of the day
Prince put a smile on a princess face
I'm aware, momma told me that love don't cost a thing
And these niggas fake too, bought a gun before a chain
He just pressed cause he in my pace
Only one holdup, make me a fool
Rest of these hoes don't know my name
In a straight, I don't even want it
Hear the music, just this rage
I got money on me too
Nun for a cheap hoe, just for the drank

I'm in a Jeep, but it's a track
Lookin' for lean, she call it, ay
Know that, ooh, ay
I'm in a Jeep, but it's a track
Lookin' for lean, she call it crack
I'm in a Jeep, but it's a track
Lookin' for lean, she call it crack
Find a way, yeah, find a way, yeah
Not even like, like, you stay rappin' bout SRT cause I really do that
I'm in a Jeep, but it's a track
Lookin' for lean, she call it crack
Find a way, yeah, uh, ay
I'm in a Jeep, but it's a track
Lookin' for lean, she call it crack
Find a-, aye
Find a way, yeah
Find a way to leave me
By myself, pick a flaw
Find a way, yeah
Find a way, yeah
Find a way to leave me
By myself, pick a flaw
Find a way, yeah, yeah, yeah
Find a way to leave me
By myself, bigger flaw
Find a way, yeah
Find a way, yeah
I'm in a Jeep, but it's a track

Lookin' for lean, she call it crack, uh
Yeah, ooh, yeah
I'm in a Jeep, yeah, yeah
Vroom, yeah, lookin' for lean, she call it crack
Baby we lean, only on it
Only on it, on my back
Yeah, yeah
