

Saucin (Freewave 9)

LUCKI

Pipe up, pipe up

Sauce em' up like Melo

Sauce em' up like Melo

She can't even come over unless she bring a friend no fellow

Sauce em' up like Melo

She can't even come over unless she bring a friend or fellow

Young Carti, young Creflo

Countin' up like Creflo

Shootas on my front porch

Serve you at the front door

Goons, thugs, cutthroats

Pipe up

How could I front those?

Them blocks, them blocks, them blocks

Yeah we run those

My chain, my watch, my watch

Yeah I'm so cold

Niggas talkin' fashion, bout that action

I went Nino

Movin' in a rover

Movin' with a odor

Ziploc then I go up

Yo bitch made me throwup

Diamonds do the holdup

Make a play then po' up

Diamonds do the holdup

Make a play then

Thumbin' through the check with my crew

She gon' fuck on me then my crew

She gon' fuck on me then my crew

She gon' fuck on me then my crew

Yah, yah, yah

Five green monsters

10 percs for my bitch grandmama

Aye, aye, aye

She just fuck with me for my views

Aye, aye, aye

Servin' purp n' lean, don't drink booze

Aye, aye, aye

Think you robbin' me, dude is boozed n' confused

On some skinny jeans, but you see this move on me too what a fool

Aye, aye

Carti got a stain in play

Hit that first then pass that ye off right to twin I'm Ray J

Scoop me on a payday
