

## SPARKS VISION

LUCKI

(Wake up Filthy)

Aye, aye, got your heart, I'ma give it away  
Aye, aye

I'm in the Raq, she don't like me here  
Chrome Heart lens, tryna hide my drugs  
Broke-ass lean man living off me  
Made that back and I'm still off mud  
Burnt that bridge cause it is what it was  
Pretty girl want it, I'm gettin' it done  
Still shut a hoe, I won't need that bitch  
Cut a hoe off tryna be that bitch  
Got your heart, I'ma give it away  
Black truck driver speedin' 'n shit  
Got your heart, I'ma give it away  
Co-host still ain't needing the shit

Not in a Track but I'm getting away  
Fell right out like it's meant to be  
See through a tunnel, I need her for nothing  
I float in the Range like I got a jumper  
Heart on my sleeve, it come from my mother  
I'm tryna to see 'em but they scared of my brothers  
You ain't even care, you'll let me be  
I want shade in the deadly heat  
M-X6 but it look like Keef's  
Know her at home but she met me east  
I wanna be the one in the way  
Background of the scenery  
Got your heart, I'ma give it away  
Neptune, boy, what you mean to me  
Got my heart, won't give it away  
Codeine, what you mean to me  
I'm in a tunnel, I can't even dig it  
Speak to her soul, I'm speakin' in riddles  
Hidin' a hemi, I'm up with a semi  
My brother be mad cause he got a vision

AMGs gettin' memories  
ALGs they meant for me  
Get over you, only time will tell  
My new hoe say you finish me

That's funny

Got your heart, I'ma give it away  
Got your heart, I'ma give it away  
Got your heart, I'ma give it away  
Black truck driver keep speedin' 'n shit  
Got your heart, I'ma give it away  
Co-host still ain't needin' this shit
