

WHERE I BE

LUCKI

You told me I wouldn't be able to afford love, but it's free
Ayy, mm, uh

You told me I wouldn't be able to afford love, but it's free
Hats off, turnt the cap off, but left the just all up to me
I told you I'm comin' home, you been cryin' to me all week
Roxy callin' my suite, wonderin' where I be

You hate me for no reason, I be talkin' 'bout you on beats
100 yards just in one place, spill purple shit on my cleats
She told me she mine, pretty girl, a few at least
Neptune, when you smile, have to come with a fee
I was losin' my mind, you in every thought, but it's no dream
Neptune, what would you mean to me?
She'll do everything I tell her to, but stay off scenery
Pretty girl'll probably cast a spell, I'll let her sing to me
Pretty girl said, "It's the attitude on top of lean for me"
Bother me, I'm in that super Tracky, phone on DND
Miss her soul, but I'm out of reach, Wockhardt gone, so it's me
n in peach
Went for a bag, so I'm in my phone, still feel crazy at bein' m
e

Huh, yeah, ayy

You told me I wouldn't be able to afford love, but it's free
You told me I wouldn't be able to afford love, but it's free
You told me I wouldn't be able to afford love, but it's free
Hats off, turnt the cap off, but left it just all after me
I told you I'm comin' home, you been kind to me all week
Roxy callin' my suite, wonderin' where I be

Roxy callin' my suite, wonderin' where I be
Roxy callin' my suite, wonderin' where I be
