LUCKI

When I'm off all these bars I should be behind some bars
Sew them tight when I fall, yeah they got me
When I'm off all these bars, treat my broad like her bra
Throw her off I'm livin free like yeah they got me
Shit that bitch a fool I don't get it
She think I'll fill her jar up as long as the seal with it
She think she play her cards right as long as she deal with it
Well bitch this shelter closed so you can't use this meal ticket

When I was 16 I went and copped it from my mans
And ever since then I just been coppin from my mans
My mother found my stash if she knew she'd understand
Lie to her say I sell em she said don't end up in jail
That mofuckers askin me like what would you do different?
Jus probly take less and never look up in the mirror
Now mofuckers asking me like why you actin different?
Then have a heart to heart but by the morning I forget it
I'm like hey

All this xan in my system make a nigga go crazy
All this xan in my system make a nigga go crazy
All this xan in my system make a nigga go crazy
I would try to get off it but I'm feelin too lazy

Like all this xan all these thoughts
All this xan all these thots
All this xan all this guap nigga, right
All this xan all this guap nigga, right
All this xan all this guap nigga, right

Like all this xan, thoughts, xan, thots, xan guap nigga, nigga,
nigga
