### Lucky Boys Confusion

I'm gonna steal your girlfriend  
I went to my boys house I met his sister  
I knew right then I had to get with her  
She had a boyfriend he wasn't worthy  
His friends all say he's a wannabe junkie  
I know that this might be wrong but..  
I'm gonna steal your girlfriend  
I know I will steal your girlfriend  
I don't really know her; her boyfriend's richer  
But I find her smile so irresistible  
She's a little younger, but I like that  
Her brother thinks that I got a chance  
We call her the gank queen  
And I can deal with her mood swings  
She thinks animal are vibrating  
It's just a stupid piece of technology  
I know this'll be a big challenge but  
I'm gonna steal your girlfriend  
I'm gonna steal your bitch
