

## Intro

Lucky Daye

If I knew where to start  
I would probably have your heart  
I know I'm no contender  
Neither a winner in your book  
I turn the page just to see your face  
What is this phase? You  
And more beautiful color than the beginning of all womankind  
Clawin' my way out of your grasp isn't as inevitable as I thought it would be in my mind  
But maybe I don't wanna go, yeah?  
I know there's other fish in the sea  
Maybe I don't want a boat  
I hate to bring sand to the beach  
But maybe I wanna gloat  
'Cause your eyes match good vibes like fat ass and thick thighs  
Excuse me, miss butterfly (Allow me to show you something)  
Back at my beehive, we could sine your pitty on the runny kine  
Real supercalifragilistic, like I mean  
Better than the average type, I mean, like  
Not a main cabin flight high  
Miss Cola your profile name since that's what you shaped like, right?  
That's my guys, they told me  
But that's me, I know you  
I will run halfway across the world for you (Sip)  
Deep sea diving in the bottom of the ocean lookin' for a pearl for you (Sip)  
You probably like to straighten your hair, but you don't know what them curls'll do (Sip)  
I'll cut off every other girl for you (Sip)  
Anybody hurt my baby, I'm hurlin' you (Sip)  
Huh, huh
