

Lemonade

Lucky Daye

Is it fire that I'm holdin'?
Feel it burnin' through the mornin'
All I need is the cool in your ocean breeze

I've been flyin' at the silver line
Wishful thinkin' that you're still mine
I just want everything I'm supposed to be

Like a writer in his last song
Alcoholic with his glass full
All I know is that I need you close to me, yeah

Is it the things that you don't say?
It cut me deeper than a switchblade
All I know is that I don't wanna face defeat

I've been thinkin' with my heart, livin' in the dark
Can you tell me who we are? It's tearin' me apart
Think I need a restart, skip this part

Love won't let you know that it hurts when it's broke
Try to hide in the pain till it grows
Uh-huh
And love won't let you know that you're makin' mistakes
Sometimes gotta make lemonade
Uh-huh

Is it a diamond if it don't shine?
And is it worth it if it ain't mine?
I'ma play out life like a symphony

It's like I'm movin' forward, backwards
Can't turn the page until the chapter
I had you close, how'd you get so far from me? Oh

I've been thinkin' with my heart, livin' in the dark
Can you tell me who we are? It's tearin' me apart
Think I need a restart, skip this part

Love won't let you know that it hurts when it's broke
Try to hide in the pain till it grows
Uh-huh
And love won't let you know that you're makin' mistakes
Sometimes gotta make lemonade
Uh-huh

Love won't let you know that there ain't no mistakes
Fragile, any moment can break
Uh-huh
