

# Crazy World

Lucky Dube

So far so good we still living today  
But we don't know what tomorrow brings  
In this crazy world people dying like flies every day  
You read about it in the news but you don't believe it

You'll only know about it  
When the man in the long black coat  
Knocks on your door  
'Cause you're his next victim  
As you are living in this

Living in, living in this crazy world  
Living in, living in this crazy world  
Living in, living in this crazy world  
Living in, living in this crazy world

Leaders starting wars every time  
They want some for their rights  
Some for fun and their own glory  
Letting people die for the wrong that they do

Oh it's painful come on now little boy  
Say your prayers before you sleep  
Little boy went down on his knees  
And he said

"Oh Lord, now I lay me down to sleep  
I pray the Lord my soul to keep  
And if I die before I wake  
I pray the Lord my soul to take"

'Cause he's living in this crazy world  
Oh Lord

Living in, living in this crazy world  
Living in, living in this crazy world  
Living in, living in this crazy world  
Living in, living in this crazy world

Living in, living in this crazy world  
Living in, living in this crazy world  
Living in, living in this crazy world  
Living in, living in this crazy world
