

# Crazy Too

Lucy Angel

I know why she's crazy why she's drinkin' all the time  
Lookin' more like forty when she's only twenty-nine  
Why her best friend and her momma think she's lost a couple screws  
Yeah, I know why she's crazy 'cause baby, you've done made me crazy too

I know why she called you always cryin' on the phone  
Drivin' by late at night to see if you were home  
I know why she was wonderin' if you were tellin' her the truth  
Yeah I know why she's crazy 'cause baby, you've done made me crazy too

Crazy makes you do the things you swore you'd never do  
Checkin' emails, checkin' details, calls and texts from unknown females  
Yeah crazy ain't so crazy when you're goin' through it too  
Through the garbage, through your pockets  
Through the trunk and glove compartment  
Yeah I know why she's crazy baby, you've done made me crazy too

I know why she hates you 'cause right now I'm on the verge  
I know why she keyed your car 'cause I sure got the urge  
Now I'm the one who's standing in her bitter high heel shoes  
Yeah, I know why she's crazy baby, you've done made me crazy too
