

Forever Is A Feeling

Lucy Dacus

[Verse 1]

I crossed a line
And you followed close behind
We were cherry red in your forest green
1993 Grand Cherokee
You knew the scenic route
I knew the shortcut and shut my mouth
Isn't that what love's about?
Doing whatever to draw it out?

[Chorus]

This is bliss
This is Hell
Forever is a feeling
And I know it well

[Verse 2]

I'm no good at faces or names
Places or days
Zip codes and timezones
But I remember everywhere we've ever been and when
I remember thinking you were pretty when we met
I'm reading you like road signs
Tell me where to go
My wrists are in your ziptie
25 to life, why not?

[Chorus]

Yeah, you're smart
But you're dumb at heart
And that's a good start
This is bliss
This is Hell
Forever is a feeling
And I know it well

[Bridge: Lucy Dacus, Phoebe Bridgers, Julien Baker]

Forever is a feeling (I know it well)
Forever is a feeling (I know it well)
Forever is a feeling
Forever is a feeling
Forever is a feeling (Forever)
Forever is a feeling (Forever)
Forever is a feeling
Forever is a feeling (Forever)
