You walk in and act so surprised

F2

Even though every Friday night I'm here

You know I'm here

C

You talk to some girl

I dance with some guy

F2

Catch each other's eye and we pretend

Like we don't care

Am

But I know you know I know

G

We ain't really lettin' this go, no

You take a turn down my road

We talked and talked and talked some more

F

Over thought this thing right out the door

Well I don't wanna talk no more

C

Who we kidding?

Why we pretending?

F

Wish you'd just go on and lean in now

What are you waiting for?

Am

So either tell me I'm insane

G

Or let's call off this crazy game
