

# Mistletoe

Lucy Hale

The snow's piled up outside the door  
The weather man says it's best to stay inside tonight  
The mercury's falling, the streets lights are shiver  
You know to let you go wouldn't be right  
It's the last week of December, so let's out this snow together

If the power goes out, I got some candles in the drawer  
If the heat goes down, I'll build a fire to keep us warm  
I thought, I thought of everything I'd need  
Oh I, just hope we don't run out of mistletoe, oh

Tinsel tree is shining bright  
You look good in those twinkling lights  
White Christmas playing, Bing Crosby singing  
You know to let you go wouldn't be right  
This year I might get my wish  
'Cause there's only one thing on my list

If the pipes they freeze, I'll open a bottle of wine  
And if we can't leave, we'll need a way to pass the time  
I thought, I thought of everything I'd need  
Oh I, just hope we don't run out of mistletoe, oh

If the power goes out  
If the heat goes down, I'll build a fire to keep us warm  
If the pipes they freeze, I'll open a bottle of wine  
And if we can't leave, we'll need a way to pass the time  
I thought, I thought of everything I'd need  
Oh I, just hope we don't run out of mistletoe, oh
